

## Intro

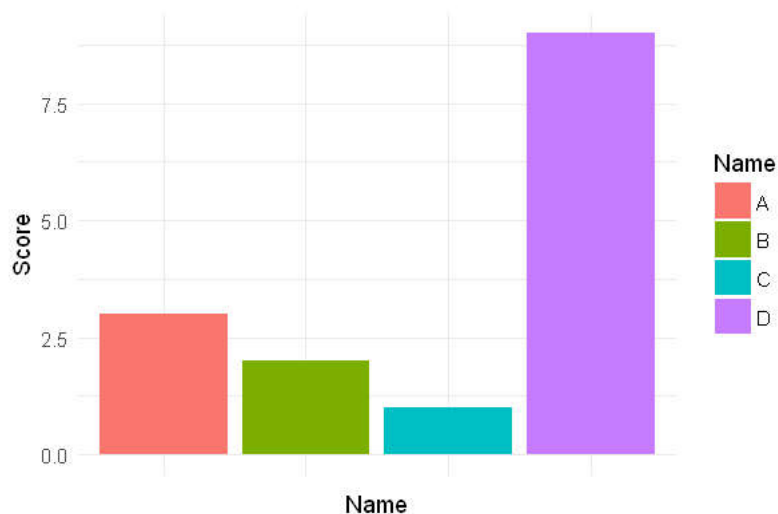

### Welcome to our graph and speed game!

- It will take no more than 5 minutes.
- Every question will only show up for **5 seconds**.
- Please be **quick and concentrated!**

☐ I have read the instructions above.

Here is a practice trial:

Among A, B, C, and D, who got the highest score?

- ☐ A
- ☐ C
- ☐ B
- ☐ D

**These page timer metrics will not be displayed to the recipient.**

First Click: 0 seconds

Last Click: 0 seconds

Page Submit: 0 seconds

Click Count: 0 clicks

Congratulations! You completed the practice trial.

☐ To continue, please click here. Remember: be quick and focused!

## gender 2-con

According to the graph below, which gender dominated the population?

☐ Male

☐ Female

**These page timer metrics will not be displayed to the recipient.**

Your Gender?

- ☐ Male
- ☐ Female

## debriefing

# Thank You!

We thank you for completing the survey! We are doing a data visualization project for our class at UChicago. We are interested in finding how fast and accurately that people can extract information from graphs colored either congruent or incongruent with their previous beliefs.

- ☐ I have read this.
